### ABOUT ME

Creative and results-driven Frontend Developer with over a years of experience in designing, developing, and optimizing high-performance websites. Proficient in HTML, CSS, JavaScript, React, Node, and Tailwind css, Mysql and Express js with a strong focus on scalability and user experience. Passionate about crafting visually stunning, fast, and conversion driven websites that enhance brand presence and drive business growth. Known for delivering responsive, accessible, and SEO-optimized solutions tailored to client needs. Dedicated to staying ahead of industry trends and implementing best practices to create seamless digital experiences.

### WORK EXPERIENCE

- Nile Technology Solutions** 2025 - PRESENT  
Frontend developer | React Developer
  - An internship as a Frontend Developer at Nile Technology Solutions, where I gained hands-on experience in web development, enhancing my computer skills and proficiency with modern tools and technologies. I am detail-oriented, adaptable, and passionate about leveraging my language skills and technical knowledge to excel in dynamic environments.
- The Kreative Company** 2024 - PRESENT  
Language translator
  - In this job position, I use the Microsoft Teams app to work remotely as a simultaneous Over-the-Phone interpreter (OPI). I assist individuals who are taking a driving license exam in understanding the exam instructions and questions given in English using their preferred language, Oromo, and guiding them through the entire examination process in the meantime.
- Kebridehar General hospital** 2019 - 2024  
Psychiatry Professional  
**Roles at Kebridehar Hospital:**
  - Assessed and diagnosed mental health disorders
  - Provided counseling and psychosocial support
  - Collaborated with healthcare teams for patient care
  - Educated families on mental health awareness
